ANNOUNCEMENTS:

2. The Chairman announced that [REDACTED] would pre-  
side at the next two EIC meetings to take place during July and August,  
one to review the Annual Report to the USIB, and the other to review  
EIC-R14-S9, "Sino-Soviet Bloc Economic Activities in Underdeveloped  
Areas, 1 January - 30 June 1960."

SANITIZED VERSION OF EIC-R14 SERIES:

4. The Chairman gave a brief summary of the problems involved  
in the sanitization necessary to release the EIC-R14 series to foreign  
governments. He proposed that another Secret version be prepared sim-  
ultaneously with the Secret/NOFORN version for release to foreign gov-  
ernments. A slip sheet with material classified Secret/NOFORN EXCEPT  
would be attached to the Secret version and this material would be trans-  
mitted to [REDACTED]. The Chairman expressed the opinion that preparation  
of a separate report would result in better and more rapid sanitization and  
a more satisfactory presentation.

5. Action: Since no objections were raised to the proposed pro-  
cedure, two issues of the EIC-R14 series will be prepared simultaneously,  
one classified Secret/NOFORN and the other Secret.

AGREED BASIC STATISTICS COMPILED BY THE EIC SUBCOMMITTEE  
ON POPULATION AND MANPOWER

6. Discussion: The Chairman reported that the EIC Subcommittee  
on Population and Manpower has recently compiled unclassified basic  
statistics and methodology on population for various countries of the Sino-  
Soviet Bloc, presenting estimates through 1975. It would be useful to have  
these figures made available on an unclassified basis. The Chairman re-  
ported that he had asked if the Bureau of the Census, Foreign Manpower  
Research Office, could publish these figures. The Bureau of the Census,

however, would not agree to this procedure.

The Chairman proposed that the report be issued as a Confidential document with the statistics to be published as Unclassified with the pages so marked, so they can be readily used as needed by the intelligence community. The problem was discussed generally.

7. Action: The EIC agreed to the issuance of a Confidential report with the statistics Unclassified.

CONSIDERATION OF EIC-R16-S1, "A SUMMARY OF THE INTERNATIONAL TRADE AND TRANSPORT OF COMMUNIST CHINA, 1959":

8. Discussion: The Joint Subcommittee-approved draft of EIC-R16-S1, "A Summary of the International Trade and Transport of Communist China, 1959," was reviewed on a page-by-page basis.

25X1X7 9. Action: The EIC approved the Summary with minor modifications, and authorized the Secretariat to incorporate the revisions which had been agreed to and to make editorial changes as required. The Chairman recommended, and the members agreed, that the report be released to [REDACTED]. It was the consensus of the Committee that the series be continued and a similar report be prepared in 1961. The Chairman noted that the Subcommittees on International Trade and Finance and on Transportation had done a very good job in preparing the report.

PRIORITY NATIONAL ECONOMIC INTELLIGENCE OBJECTIVES:

10. Discussion: The Chairman gave a brief background on the history of the PNEIO's and called attention to USIB-D-25.1/2 which asked the EIC to take cognizance of the implementation of DCID 1/3 (Priority National Intelligence Objectives) in its field. There was some discussion about the interpretation of this document, and suggestions were made by several members about possible courses of action that could be taken in carrying out USIB's instructions.
